# BEHNTI™ SEATING

## Overview

## Planning

Statement of Line	➤ See page BE.2
Overview	BE.3
Pricing	BE.4
Surface Materials	BE.6

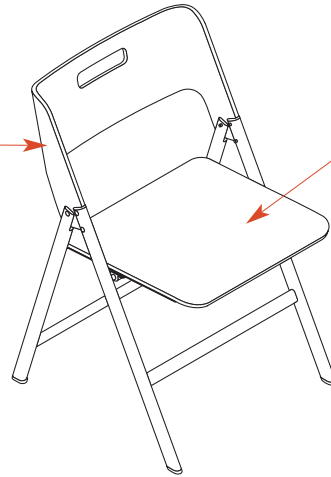

**Behnti folding chairs** provide additional seating as needed or can be stored away when not in use.

**Elegant curved back** is designed for greater comfort.

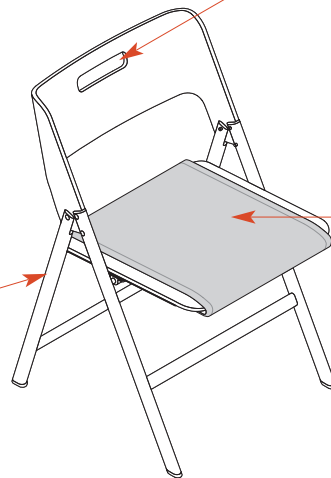

**Behnti** can be conveniently stored on a wall-mount bracket and easily accessed when needed. Wall-mount bracket should be mounted at 28<sup>3</sup>/<sub>8</sub>" from the floor so that the legs can rest against the wall's cove molding.

**Leg frame** is steel and available with a black powdercoat or covered with matching, thermally fused woodgrain pattern.

**Seat and back** are constructed with a molded plywood core covered with HPL. Ply edges have a clear coat finish for added design detail.

**Convenience handle** allows for ease when hanging and removing the chair from a wall-mount bracket.

**Seat pads**, specified separately, are optional for added comfort. They are available in all in-line and graded-in Alliance textiles. They can be easily removed and replaced if needed. Seat pad wraps around the front and back edges of the seat, and is secured using straps that slide through plastic loops and held in place with Velcro attachment.

**Chairs, chair pads, and wall-mount brackets** are sold in sets of 2.

**Weight rated to 400 lbs.**  
Not intended for 24/7 or bariatric use.

**Behnti chair colors** are similar to and compatible with Interwoven laminates:

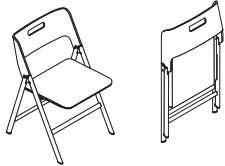

- Light Grey is compatible with Storm (460)
- Dark Grey is compatible with Graphite (461)
- Natural is compatible with Porcini (PC)
- Walnut is compatible with Sable (792)

▶ See Surface Materials at [www.kimballinternational.com](http://www.kimballinternational.com) for a wide variety of graded-in textiles from Arc-Com, Carnegie, CF Stinson, Maharam, Mayer Fabrics, Momentum, and Ultrafabrics.

▶ Contact Customer Service for pricing for grades S and T.

▶ For a complete overview of the surface materials program, see the *Surface Materials Reference Guide* at [www.kimballinternational.com](http://www.kimballinternational.com)

**COM/COL**

Kimball has analyzed each model to most accurately reflect the COM/COL yardage requirements (refer to pricing pages). The yardage requirement for each model is based on 54"W textile and cutting the textile up the roll.

For widths other than 54", increase the yardage requirement by the factors below:

<i>Textile width</i>	<i>Increase yardage</i>
50"–53"	15%
48"–49"	30%
45"–47"	45%

If repeat is larger than 18", contact Customer Service to confirm the correct amount of yardage required.

When ordering 10 or more chairs in the same COM, yardage requirements may be reduced.

▶ Contact Customer Service.
